**Three Questions:**

- 1. Have you allowed the forecasted events yet to happen in the political arena to affect your response toward the things that pertain to you and your response toward spiritual things?**
- 2. Have you allowed the postmodern philosophy to taint your views and passion for Jesus?**
- 3. Have you fallen victim to the trap of allowing your worship and joy diminish down to cultural narcissism seeking to find things that will feed your need for personal validation?**
